THE WINE LIST

Our wine list is a dynamic, contemporary list that is always evolving. Cooee aims to recognise and support wine producers across the country, with a strong focus on Western Australian wines. Every month we showcase one hero producer by curating a list of their small batch releases for our guests to taste and explore. The winemaker joins us on the first Wednesday of the month to ignite our Cooee classroom with an intriguing College of Grapes session. We invite you to explore outside of your comfort zone and start your own wine journey - our sommelier team is here to guide you.

Our wine list is arranged according to increasing intensity in body and the following tags and classifications are used across our list.

ECOLOGIC [EC] | BIODYNAMIC [BIO] | MINIMAL INTERVENTION [MI] | VEGAN [VE]

VOYAGER ESTATE

Established in 1978, Voyager Estate is a second-generation family-owned estate in Stevens Valley, Margaret River, Western Australia.

Our ultimate ambition couldn't be simpler - to craft wines that do justice to our extraordinary climate and soils through some of the most pure, elegant, and balanced Chardonnays and Cabernet Sauvignons in the world. We're proud to have harvested our first Certified Organic grapes in 2020, with the rest of our vines rolling into Certified Organic by 2023.

The story behind every bottle begins in our little pocket of southern Margaret River, Stevens Valley, a place where idyllic microclimate, ancient geology and coastal influence converge to create our distinctive Voyager Estate style.

To lead the way in the production of site-expressive wines with a genuine sense of place, our viticulture and winemaking team uses minimal input methods and organic farming practices, encouraging the vines to work harder and go deeper, ultimately enhancing minerality and vineyard character in the wines.
